

FDA Inspection: ZERO Observations

Nitto Avecia Pharma Services Achieves
a Flawless FDA Inspection

The **FDA** concluded a general inspection of the **Nitto Avecia Pharma Services** laboratories from July 21 to July 25, 2025.

This routine audit, typically performed by the agency every two years, evaluated the firm's **quality systems, laboratory procedures, data integrity practices, and investigation handling.**

Following the review, the facilities were determined to be fully compliant with industry and FDA standards, resulting in **zero Form 483 observations.**

This achievement further highlights Nitto Avecia Pharma Services' unwavering commitment to quality and continuous improvement.
